

Additional useful information

Information on GP Registration

If you wish to register for GP services whilst studying at Swansea University, surgeries are now using an online facility, 'Ask My GP'. You will be able to access the registrations forms online and this can be done prior to arrival in Swansea.

There are an array of GP surgery options available to students in Swansea but we work closely with the following given their close proximity to our campuses.

Singleton Campus: <http://www.universityhealthcentre.co.uk/>

Bay Campus: <http://www.harbourside.wales.nhs.uk/home>
<https://www.sa1medicalcentre.wales.nhs.uk/>

Police Registration

Some students will need to register with the Police after they arrive in the UK. You may have been made aware of this as part of your visa application process.

Currently, Police Registration is suspended and so there is no obligation to register within 7 days of arrival. We are not expecting students to be able to register during September and into October.

Once the Police Registration process opens, we will update our information on our Police Registration page: <https://www.swansea.ac.uk/international-campuslife/pre-arrival-information/arrival-and-induction/police-registration/>

Opening a Bank Account

We understand that you may have some concerns about opening a bank account- in relation to any quarantine restrictions that may be in place for you.

The University has been in communication with local banks and some have, or in the process of, developing account opening processes that are wholly online.

As further details are received, information will be updated on the Banking pages found here: <https://www.swansea.ac.uk/international-campuslife/pre-arrival-information/preparing-for-swansea/banking/>
