International@CampusLife are pleased to offer international students at Swansea University a UK CitizenCard ID Card at a special offer price!

What is a CitizenCard?

A CitizenCard is a UK government authorised secure and trusted ID card which you can access and use as identification in the UK. We highly recommend that you get one of these cards to use for day-to-day identification purposes. If you'd like some in-depth information, please check out www.citizencard.com

Why should I Get a CitizenCard?

Experience shows us that students (particularly international students) often use their passport or Biometric Residence Card (visa card) for ID purposes. Every year we see *many* students who must get these replaced due to losing them. These documents are expensive to replace.

- A replacement visa costs a minimum of £85 and can take many months to be processed.
- For passports, some Embassies are not processing replacement applications due to issues caused by COVID. Those that do may require travel to London to apply for a replacement – this can be a very costly and time-intensive process.

*We **highly recommend** that you take advantage of getting a CitizenCard and carrying this as your ID instead - it could save you a lot of money, time and stress!*

What is the offer?

The standard cost for a CitizenCard is £20-35. International@CampusLife can arrange a CitizenCard for enrolled Swansea University students at a **reduced cost of just £10** - this includes the ICL administration, 'ticket' booking and postage fees.

International@CampusLife staff will complete and authorise your CitizenCard application. When we receive your card, we will post it to you via Royal Mail 1st Class post. It is important that you let us know if your UK address changes via our CitizenCard email address citizencard@swansea.ac.uk The process should take between 14-21 days

How do I get one?

Simply head to www.fatsoma.com/campus-life and select the 'International@CampusLife - CitizenCard Offer' for more information and to get your card
